

Neurosis

Louden Swain

I can really go
I can open up the show
Like a grand maestro
I can get it on
I'm heading up the fun
I'm a regular clown
I can bring the house down
You might need another round
But that's ok 'cause I'm buyin'
I just wanna feel alive
But I don'tI can't let go
I know it shows
Everybody knows
About my neurosis
I can buy relief
I can take one on the cheek
Like a prize fighter
I can scream and shout
I can ramble from my mouth
Like an orator
I can talk up a storm
You might get kinda bored
But I don't care
I'm unaware
I just wanna feel alive
But I don'tI can't let go
I know it shows
Everybody knows
About my neurosis
I can cut the rug
With my dancing shoes tied snug
I can be your stud
If you're givin' out the love
I might need another hug
That's ok if you don't got one
I just wanna feel alive
But I don'tI can't let go
I know it shows
Everybody knows
About my neurosis
