Fire ina Hole

Redman & Method Man

Come on, come on, state your business
Come on, let's make it hot
Come on, word, let's make it hot
Come on, let's make it hot
Come on, let's make it hot
Hardcore, to make them brothers act fools
Come on, come on

With all due respect to the game, I'm the P H enom Not ready for prime time beyond, extinction Change your way of thinkin' or begone Fast the fuck out, somethin' stinkin'

Could it be the skunk or could it be that body in the trunk
Of my Lincoln? Continental style pop the pussy like a pimple
I'm fed up, I put it in your ear and fuck ya head up
Turnin' up the temperature, hold them kids that entered
The 36th, master mix shit, bio-hazardous, pretentious

Do it for the chemically imbalanced
State your business, pay me at the door
Iron Man, hear me roar on twelve inches
Shell shocked soldier in the trenches
Fire in the hole game commences

Third string rappers play the benches, reload There'll be no repentance for souls just life sentence With no chance for parole and that's real

Fire ina hole, yo, fire ina hole

Fire ina hole, fire ina hole

Yeah, yeah, yo, yo, yo, gun downed at sundown Run now from the bucks sound, touchdown Your crew wanna punt now? Punk blaow Swimmin' trunks torn up from the hunt down Brakes lock 'em up now, a rich bitch knock 'em up now

> A plucked out eyebrow gal Naw, dawg, a broad got to be a huzzy

A hood rat that ride like the bride of Chucky

Walk through my hood, your jewels they scream, "Tug me"

Mind revolve' to reload like a SCSI

Doc, da bigfoot out for da squosh

Shell shocked like I'm six months in the bush
Fire ina hole, hikin' in the snow
With forty motherfuckers expirin' the globe
Footprints of timbs and wallabee soles
We case the place like Barnaby Jones, Homes
Lay it down like plats in ya hair
Ride off withcha money, then clap in the air
Fire ina hole, fire ina hole
Yo, fire ina hole, fire ina hole
Fire ina hole, fire ina hole
Yo, fire ina hole, fire ina hole
Yo, fire ina hole, yo, yo, yo

This is for dem niggaz on da bricks holdin' down they block For my nigga Carlton Fisk, a kid who stay up in the box Ain't no Christmas ever since Santa scratched my name Off the gift list, shit ain't been the same since the pain

No forgiveness, dead man talkin' 'bout he lifted I'm livid, hands around the throat of a critic Yo, Doctor, prescribe me a drug that can knock A mule on his ass, take the blast out Binaca For real doe, arsenic production that kill slow Your eardrums like a happy hooker with a dildo

I spas on anyone who show his ass
I got the mob with me plus a full tank of gas
Yo, yo when me and Meth swarm
You need a net to cover you

Turn the rap game into W C W
Off the rope I hang glide to the throat
Straight beef without French Fries and a Coke
Doc's da name, da burglar, I serve ya

The lethal 5 from Riggs and Murtoch
Then skart out my whip with ran down tires
With a chicken I met who hand out fliers

With a chicken I met who hand out fliers
Look, I'm an Aries, I don't have it
My crew large enough to walk and cause traffic
Bounce like box springs on your kraftmatic

Before you be suin' Doc for malpractice
You couldn't bang from start, your girl see you

Beat up and shit, get a change of heart Flaming darts is spittin', name the mark My impact tore JFK plane apart

Fire ina hole, fire ina hole
Fire ina hole, fire ina hole
Fire ina hole, fire ina hole
Fire ina hole
Fire ina hole, fire ina hole

Fire ina hole

Yo, yo, yo, fire ina hole, yo, yo, yo, yo, yo Mr. Meth, Funk Doctor, Mathematics, on the track For my niggaz in Da Bricks, for my niggaz on Shaolin Worldwide to my whole crew, P P C
