

Crazy Sex

R. Kelly

Tonights gonna be crazy
Baby, if you dont mind
Lets get dumb, lets get highfy
Lets get down, lets get up
Lets start sweating, lets start tweaking
Screaming at the top of our lungs
Lets get in it, lets get crazy
Lets get rugged, lets get roamed
Lets do it on the balcony, let everybody watch
We dont care cause we in our zone
Go back in, get on the bed, down on the floor, back up to the dresser
Calling me daddy, pulling your hair
Missing a track and dont even care
Lets go deeper, lets go faster, lets go harder
Lets come at the same damn time and then start over
Lets have crazy sex
Are you with it?
Crazy sex
Are you with it?
Crazy sex
Crazy sex
Lets have crazy sex
Are you with it?
Crazy sex
Are you with it?
Crazy sex
Lets get ratchet
Lets get rough, lets get naughty
Lets get different, lets get kinky
Switch positions, you on top
Oh, girl, its about to get freaky
Lets get sexy, lets go
Lets get scary, lets go thriller
Lets act like we lost our motherfucking minds
Making crazy faces in the mirror
Lets make it a party, well take some shots
And have some weed and thug it out
Lets start fussing, lets start cussing
Lets start fighting then make out
Lets go deeper, lets go faster, lets go harder
Girl, lets come at the same damn time and then start over
Baby, lets have crazy sex

Crazy sex
Crazy sex
Crazy sex
Crazy sex
Crazy sex
Crazy sex

Lets get ratchet

Do you wanna?

Theres so many crazy ways we can do it, babe

Pick one, pick twenty, just dont matter, babe

Just step up in my room, let me get creative, babe

Im gonna think of something, babe, Im gonna think of something, babe

And its gonna be crazy, baby

Crazy sex
Crazy sex
Crazy sex
Crazy sex
Crazy sex
Crazy sex

Shorty, lets get ratchet
