

You Can't Deny It

Lisa Stansfield

We got it together darlin'
We're ready for it
You see I'm smilin' We got the peope talkin'
They know how it feels
And it's no big deal And we're not playin' games
And we're not playin' lovers
We mean a lot more than that Hear what I'm sayin' boy
Let go and be my joy
I have to love you You can't deny it, baby
We drive each other crazy
You can't deny it, baby
No two people ever felt this way
You can't deny it, baby
We drive each other crazy
You can't deny it, baby
We just got to let it out Let it out, let it out
Let it out The more we're with each other
It's so exciting
And it's getting stronger The way you touch me darlin'
I've never been touched
Like that before And we're not playin' games
And we're not playin' lovers
We mean a lot more than that You're all I need my love
You're there to push me on
I have to love you
You can't deny it, baby
We drive each other crazy
You can't deny it, baby
No two people ever felt this way You can't deny it, baby
We drive each other crazy
You can't deny it, baby
We just got to let it out Let it out, let it out
Let it out, let it out
Let it out, baby We can sure let it out
We can sure let it out
We can sure let it out
We can sure let it out We got it together darlin'
We're ready for it
Can't you see I'm smilin'? We've got the peope talkin'
They know how it feels
And it's no big deal We're not playin' games
And we're not playin' lovers

We mean a lot more than that Hear what I'm sayin' boy
Let go and be my joy
I have to love You can't deny it, baby
We drive each other crazy
You can't deny it, baby
No two people You can't deny it, baby
I mean every word I'm sayin'
You can't deny it, baby
We just got to let it out Let it out, let it out
Let it out, let it out
Let it out, let it out
Let it out You can't deny it, baby
You can't deny it, baby
You can't deny it, baby
