My diamonds sing like Ray J homie, every day's a payday
Rollin up that KK, now it's going down like mayday
All my niggas be chilling, stacking money to the ceiling
Used to smoking out the parking lot, now we owning a building oh
Used to tell niggas I was gonna here but they ain't really understand
Now they see me in that brand new Rari and start to think I'm the man
Now my jeans cost a grand, now my shows fill the stands
Now they see that I'm ballin cause of how they bring in them bands, ooh
Now when niggas be tourin, now my money be foreign
All my niggas be scorin, section very important I'm cakin up, you fakin up, I'm rollin weed
when I'm wakin up

Instead of talkin shit and try to hate on us just grab a joint and come bake with
us
(Fuck nigga, hahahaha, uh)I'm loadin up and I'm ridin out, they talkin shit but they hidin out
Real niggas know what I'm talkin bout...
(I'm loadin up and I'm ridin out, they talkin shit but they hidin out)
(Real niggas know what I'm talkin bout...)
(Look, okay, okay)
Front page, I'm on the news: nigga call me a dropout
Real nigga, 100, never needing no copout (nah)
Diamonds on my chain just pop off, you already know what I'm bout
Got bad bitches from overseas but I need a big ass from the south
Look at us, we made it, bottles up in the air now
25 racks a night, give a fuck bout sweating your hair out
Getting trippy man with some frisky things; I am the shit and you niggas anus
'Cause if I mention ya'll I'm a make you famous you still ain't nothing, I'm stainlessWe famous,
anything you want right now, baby girl just name it
And I'm a get real deep in the pussy; the number one nigga, ain't no need for replacement
Getting in my spaceship, I'm high as a bitch, fly as a bitch
Okay Juicy and Wiz, every day we do this shit
I'm loadin up and I'm ridin out, they talkin shit but they hidin out
Real niggas know what I'm talkin bout...
(I'm loadin up and I'm ridin out, they talkin shit but they hidin out)
(Real niggas know what I'm talkin bout...)
