Untouchable (Juventa)

Tritonal & Cash Cash

We've been wondering in the dark

A million miles apart

Going nowhere

Believe that even if we're lost

You know it won't be long 'til we get thereSpinning around no control

Burning down I'm letting go

We've been wondering in the dark

When no matter where are

Just rememberWe rise and we fall

We'll stay

We'll stay untouchable

Yeah, after it all

We'll stay

We'll stay untouchable

Time is slipping through our hands

We're sinking in the sand to forever

Lie, surrender to the dark

But we could make a spark here together Hanging on by a thread

We will climb back again

Time is slipping through our hands

It's hard to understand

But rememberWe rise and we fall

We'll stay

We'll stay untouchable

Yeah, after it all

We'll stay

We'll stay untouchable

We rise and we fall

We'll stay

We'll stay untouchable

Yeah, after it all

We'll stay

We'll stay untouchableWe'll stay

We'll stay untouchableWe'll stay

We'll stay untouchable

We'll stay

We'll stay untouchable
