## **Portions for Foxes**

## **Rilo Kiley**

There's blood in my mouth
Cause I've been biting my tongue all week
I keep on talking trash
But I never say anything
And the talking leads to touching
And the touching leads to sex

And then there is no mystery leftAnd it's bad news, baby, I'm bad news I'm just bad news, bad news, bad newsI know I'm alone

If I'm with or without you
But just being around you
Offers me another form of relief
When the loneliness leads to bad dreams
And the bad dreams lead me to calling you
And I call you and say "come here!"
And it's bad news, baby, I'm bad news

I'm just bad news, bad news, bad newsAnd it's bad news, baby, it's bad news
It's just bad news, bad news, bad newsCause you're just damage control
For a walking corpse like me, like youCause we'll all be portions for foxes
Yeah we'll all be portions for foxesThere's a pretty young thing in front of you

And she's real pretty And she's real into you

And then she's sleeping inside of you And the talking leads to touching

And the touching leads to sex

And then there is no mystery leftAnd it's bad news, I don't blame you I do the same thing, I get lonely too

And you're bad news, my friends tell me to leave you

That you're bad news, bad news, bad news You're bad news, baby you're bad news

And you're bad news, baby you're bad news And you're bad news, I don't care I like you And you're bad news, I don't care I like you

I like you
