

Survive (feat. Emeli Sandé & Gucci Mane)

Don Diablo

[Chorus: Emeli Sandé]
We'll survive the thunder
And escape the hunger
And sometimes I wonder, we got through
Who knows why, don't ask it
We don't need no answer
Cause we stand the surface, living through[Verse 2: Gucci Mane]
Gucci Mane is dying
Catch me falling out of line
Bring some pen and with a paper, I got Superbowl signed
You signed all crazy, right into the high
I keep my leg, and I still seeling a hundred
Who need a nigga and money and they lovin' it
She got comfortable, she com' me 'bout to cover me
Pull up in a Rolls in a white seat
And pull off in a Porsche like a carney
You caught me like a pussy and I rock it
The afterdamp for the right fee
They're using after light where they caught me
[?] gang [?] black mafia
She get white, she act like she was darker
What's that on your neck that can't get it off yeah
[Chorus: Emeli Sandé]
We'll survive the thunder
And escape the hunger
And sometimes I wonder, we got through
Who knows why, don't ask it
We don't need no answer
Cause we stand the surface, living through[Verse 2: Emeli Sandé]
You got a first car, I gotta dream of something
You're like a [?] wire, I like to push your button
You got it somehow, get up
[?]
We gon' for ages, never looking back us
They wanna cage us, but we want back our freedom
Call us the rages, come and run now
[Refrain: Gucci Mane & Emeli Sandé]
Gucci Mane is dying
Catch me falling out of line
Bring some pen and with a paper, I got Superbowl signed
You signed all crazy, right into the high
I keep my leg, and I still seeling a hundred

Who need a nigga and money and they lovin' it
She got comfortable, she com' me 'bout to cover me
Pull up in a Rolls in a white seat
And pull off in a Porsche like a carney
But we here are, living through
But we here are, living through[Chorus: Emeli Sandé]
We'll survive the thunder
And escape the hunger
And sometimes I wonder, we got through
Who knows why, don't ask it
We don't need no answer
Cause we stand the surface, living through
