

# Just a Fool

Jim James

Here I stand  
Going through the motions with the mic in my hand  
Playing hard to get, pretending like I understand  
Just a fool getting by  
Just a fool doing alright  
Out getting loaded, only way away from the pain I guess?  
Holding me so tightly will it ever let me rest?  
Memorize the lines and try to work within the frame  
Busting out the glass, bloody knuckles broke the pain  
Just a fool getting by  
Just a fool doing alright  
Just a fool getting by  
Just a fool doing alright  
Just a fool, just a fool  
Out on the street  
Bleeding in the gutter, busting out the teeth  
Spoke my mind, wound up on the wrong side of the fence  
Made another promise that should have never left my lips  
Now I'm wasting away behind the bars of this country cage  
Nowhere else to turn and try to quiet down my rage  
Thinking about the ones who did just what they always said  
Trying to find the strength it takes to become one of them  
Working for the man and dreaming of the day  
That I'm throwing down the hammer and marching my own way  
Just a fool getting by  
Just a fool doing alright  
Just a fool getting by  
Just a fool doing alright  
And dancing with the devil in the pale moonlight  
Just a fool, just a fool  
Just a fool, just a fool
