

ringtone (umru Remix)

100 geecs

My boy's got his own ringtone
It's the only one I know
It's the only one I knowMy boy's got his own ringtone
It's the only one I know
It's the only one I know
My boy's got his own ringtone
It's the only one I know
It's the only one I know
My boy's got his own ringtone
It's the only one I know
It's the only one I answer
27 missed calls lighting up my cell phone
Sending you a text saying, "Call you when I get home"
Taking off my work clothes
Working in a cold one
45 group texts, 50 group DMs
Send another text asking me if I've seen them
Pushing back a deadline, gotta make my bedtime
Then I crack a smile, 'cause I love you and I'd do it all againMy boy's got his own ringtone
It's the only one I know
It's the only one I know
My boy's got his own ringtone
It's the only one I know
It's the only one I know
My boy's got his own ringtone
It's the only one I know
It's the only one I know
My boy's got his own ringtone
It's the only one I know
It's the only one I answer
Something's gotta work this time
It's my way of trying to let you know
I've got a little thing for you
I've got a little crush or something
Maybe I'm just drunk as fuck
I customize my ringtone
But it's always you
It's always you
It's always you
It's always you
It's always youIt was always you
Put it on vibrate when I'm with you (With you)

Talking to myself again (Again)
Falling on broken glass
29 missed calls, never leave the basement
I don't wanna tell you what I'm really thinking (Thinking)
Thinking, what I'm really thinking
Thinking, what I'm really thinking You should know that ringtone
When you call me
Now it makes me sick
Used to love that ringtone
When you called me
Now it makes me sick My boy's got his own ringtone
It's the only one I know
It's the only one I know
My boy's got his own ringtone
It's the only one I know
It's the only one I know
My boy's got his own ringtone
It's the only one I know
It's the only one I know
My boy's got his own ringtone
It's the only one I know
It's the only one I answer
