

# Anywhere (feat. Marsha Ambrosius)

## Tech N9ne

Anywhere but here  
I'd rather rather be anywhere anywhere  
Anywhere but hereQuestion  
Anybody ever feel  
That some people around you claim to be solid but ain't real?  
In relationships, business, family, in the end it's about they bills  
And everyone of them wanna cheat and steal  
Time for me to have no chill  
Come and get ya meals and they really will with zeal  
All is needy, y'all is greedy  
I'm falling freely  
This gonna be scogging me, we brawling easy  
Had a lawman seize me  
Get the hell on stay  
What ya gonna do but if it's a fail on pay  
Loved ones exude hella rude when it used to be smooth  
Like the face of Janelle Monae  
She's got the glee stopped  
I'm in a pit of animals really making me bleed lots  
Fatigue I wanna leave then my knee dropped  
When I breathe not cause she needs guap  
So extract me from this place full of hate that'll tax me  
Pass the sack 'cause I'm trying to get to happy  
Exactly people are feeding they call me nasty at me  
Sometimes I just wanna fly away  
Sometimes I just wanna leave the skyListen  
They don't love you no more  
They discover your flow  
But I'm feeling my fans trying to shudder don't slow  
Leaving the clown now I'm nothing but a bozo to 'em  
Give my all in my sessions  
I never thought that I would fall in regression  
The music business now we call it recession  
We bawl and we stressing 'cause y'all is divesting  
I feel it when I ought to be top of these  
Where the hip hopper be and The Rock put me  
At the forefront but galore won, nothing but the Pac could be hypocrisy  
They forgot about the prophecy that I keep the lock and key  
But they talking "He soft" and flee now they wanna coffin me  
Y'all can be treacherous, I'm the best at this effortless  
But with Tech it's been deficits  
Wanna fly away like a Pegasus

I feel like the scare is near, they don't care that Tech share his tears  
At this moment, at this point in time I'd rather be anywhere but here  
I'd rather be anywhere anywhere  
Anywhere but here  
I'd rather be anywhere anywhere  
Anywhere but here Sometimes I just wanna fly away  
Sometimes I just wanna leave the sky I'd rather be anywhere anywhere  
Anywhere but here  
I'd rather be anywhere anywhere  
Anywhere but here Sometimes I just wanna fly away  
Sometimes I just wanna leave the sky I'm sure to be  
At this rate, a nigga that fades into obscurity  
I can't take bein' treated like an amateur  
This is impure to me  
In closing, it's messed up when you know you one of the chosen  
But you can't have a show when nobody rose and all the people go when everything's  
frozen Dear God, make me a bird so I can fly  
Far far, far away from here  
Dear God, make me a bird so I can fly  
Far far, far away from here
