

# China (2015 Remastered Version)

[Tori Amos](#)

China all the way to New York  
I can feel the distance getting close  
You're right next to me but I need an air plane  
I can feel the distance as you breathe And sometimes I think you want me to touch you  
Well, how can I when you build the Great Wall around you  
In your eyes I saw a future together  
Oh you just look away in the distance China decorates our table  
Funny how the cracks don't seem to show  
Pour the wine, dear, you say we'll take a holiday  
But we never can agree on where to go  
And sometimes I think you want to me to touch you  
But how can I when you build the Great Wall around you  
In your eyes I saw a future together  
Oh you just look away in the distance China all the way to New York  
Maybe you got lost in Mexico  
You're right next to me, I think that you can hear me  
Funny how the distance learns to grow  
And sometimes I think you want me to touch you  
Well, how can I when you build the Great Wall around you I can feel the distance  
I can feel the distance  
I can feel the distance getting close
