P**** Print (feat. Kanye West)

Gucci Mane

Wizop, Yeezy Mane (Mike Will Made It)

Brrr

Bitch stop the comparisons

I'm not these other artistses

I'm Gucci Mane, La Flare

My neck on that real retarded shit

Keep a towel with me

Cause my watch be drippin' water, bitch

And I only featured Kanye

Cause we both some fuckin' narcissists

Narcissistic tendencies with psychopathic pockets, bitch

My bank account is crazy, bitch

I think it needs some medicine

My straight jacket Givenchy-enchy-enchy

Can't even pronounce that shit

Designer jeans, designer drugs

Just bought me a designer bitch

Why this bitch keep hittin' my line?

She knowin' she ain't no dime and shit

Knowin' I ain't got no time to waste

Be fuckin' around with no nickle bitch

Your nigga pinchin' pennies

But I'm out here making these millions, bitch

Don't ask me who I'm votin' for

Cause I got all the presidents

My bitch walk 'round in lingerie

Out there, she think she elegant

It's an elephant in the room

Guess who's the mothafuckin' elephant? (It's Gucci)

Maybach in the garage, elevator in the residence

My pockets bulgin', bulgin', pokin' out just like a pussy print (Wop, yeah)

Pussy print, p-pussy print

My pockets bulgin', bulgin', pokin' out just like a pussy print

Pussy print, p-pussy print

My pockets bulgin', bulgin', pokin' out just like a pussy print

Pussy print, p-pussy print

My pockets bulgin', bulgin', pokin' out just like a pussy print

Pussy print, p-pussy print

My pockets bulgin', bulgin', pokin' out just like a pussy print

Me and Guwop, makin' super moves

Makin' stupid cash, stack it through the roof

You don't fuck with me? The feelin' mutual
I'd feel the same if I drove that Subaru
We hit the city, the old me goin' OC
How a friend only gonna watch that, that's so weak
Seven times in a row, I could go the whole week
I could take you from the nosebleeds to the floor seats

But I need that, in the sauna
In the bathroom, at your mama's
Like a porn star, I'm a monster
You a dancer, on the camera
In the G-string, girl I want you
At the concert, at the condo
In my bedroom, in the guestroom
In the restroom, fuck it, every room
Tryna see that....

Pussy print, p-pussy print
My pockets bulgin', bulgin', pokin' out just like a pussy print
Pussy print, p-pussy print
My pockets bulgin', bulgin', pokin' out just like a pussy print
Pussy print, p-pussy print
My pockets bulgin', bulgin', pokin' out just like a pussy print
Pussy print, p-pussy print
My pockets bulgin', bulgin', pokin' out just like a pussy print
