

# Blink (Radio Edit)

## Cascada

I don't wanna blink, I can't close my eyes  
These are the best years of our lives  
I don't wanna sleep while I'm alive  
I don't wanna miss a thing tonight For once in my life I realized  
What I've been given, in an instant  
I don't need this to end to understand  
That I'm gonna miss it, gonna miss it  
I can't believe how the minutes keep passing us by  
Better live my life  
Here in the moment just own it and don't think twice  
Let's go

I don't wanna blink, I can't close my eyes  
These are the best years of our lives  
I don't wanna sleep while I'm alive  
I don't wanna miss a thing tonight  
I don't wanna blink, blink,  
No, I don't wanna blink, blink  
I don't wanna blink, blink  
No, I don't wanna blink, blink  
(No, I don't want it, oh yeah) There used to be a time when I was blind  
I had no vision, wouldn't listen  
Now every heartbeat is tellin' me  
That I'm on a mission to make a difference  
I can't believe how the minutes keep passing us by  
I better live my life  
Here in the moment just own it and don't think twice  
Let's go

I don't wanna blink, I can't close my eyes  
These are the best years of our lives  
I don't wanna sleep while I'm alive  
I don't wanna miss a thing tonight  
I don't wanna blink, blink,  
No, I don't wanna blink, blink  
I don't wanna blink, blink (I don't want it)  
No, I don't wanna blink, blink  
(Oh yeah) Can't stop, won't stop  
Give me some more  
So many things that I wanna explore  
Years ahead, more, we were put in for  
Now I know  
So let's go I don't wanna blink, I can't close my eyes  
These are the best years of our lives

I don't wanna sleep while I'm alive  
I don't wanna miss a thing tonight  
I don't wanna blink, blink,  
No, I don't wanna blink, blink  
I don't wanna blink, blink  
No, I don't wanna blink, blink  
I don't wanna blink
