

# Another Heartache

[Algebra Blessett](#)

I guess I should have held you longer than I did.  
Then I could of been the girl you chose to spend the rest of your life with.  
Well, I could of came home instead of chasing my dreams It was never about the money baby, I  
wanted you to be proud of me  
When you tried to sweep me off my feet, I ran because I didn't understand why me  
When I tried to run back to you, you had found somebody new, Oh Well I guess I'm always to  
late, but just in time for, for another heartache, yeah.  
but whenever I'm early you see, loves never ready, but another heartaches waiting on me. I  
guess I should of kissed you in front of everyone that day.  
That could of been the moment you changed your mind and decided to stay, baby,  
Well I guess I could of learned to follow your lead.  
That wouldn't make much sense, you never believed in me. When I tried to give you all of me,  
you looked at me and said there's no need for trying,  
I guess I should get over you, you said that's probably what you need to do, Oh. Well I guess I'm  
always to late, but just in time for for another heartache, yes.  
but whenever I'm early you see, loves never ready, but another heartaches waiting on  
Love is aunavailable when I'm knocking at his door, Shows up unannounced when I'm healing  
from hurt before, Oh It's beautiful along the way, in the beginning you was so kind  
It was never love at all it was heartache in disguise, oh, oh, oh oh. Well I guess I'm always to  
late, but just in time for another heartache, oh.  
but whenever I'm early you see, loves never ready, but another heartaches waiting on me.
