

Skin to skin (Remix) [feat. Machinedrum]

[LuHan](#)

Take your time
Love me in the middle of your lowest night
I'll be sure to lift you if you promise me
Give me your affection
And your honesty
If I could feel your touch
If I could be your love
I wanna go beyond
I wanna go to far
Now tell me I'm the only one
Skin to Skin
Take your time
I'll be right here with you in the longest fight
Never will neglect you
I'll stay by your side
Never would direct you
If I'm left behind
Will I still feel your touch?
Will I still be your love?
I wanna go beyond
I wanna go to far
Now tell me I'm the only one
Skin to Skin
Give me your affection
Give me your affection
Tell me I'm the only one
Tell me I'm the only one
Skin to Skin
Tell me I'm the only one
Tell me I'm the only one
