

# Tennessee

[Mindy Smith](#)

Tennessee  
You've been good to me  
Yes, I've come to believe  
You're where I want to be  
You may not be what everybody needs  
But Tennessee you're good enough for me I can see  
Stars shining in your night  
Your daytime scenes like Cash and Patsy Cline  
They may not be what everybody needs  
But they touched my soul  
And that's good enough for me  
It's been ten years now and I'm rooted in your soil  
I am rooted in your soil  
Give me ten more years  
I'll be rooted in your soil  
Right here in your soil  
You may not be what I will always need  
But I call you home  
If I can call you home  
Then you're good enough for me
