

# Busy Earnin'

## Jungle

So you come a long way  
But you'll never have me  
Never have things for a normal life  
It's time to busy earnin'  
You can't get enough This busy earnin'  
You can't get enough You think that all your time is used  
To busy earnin'  
You can't get enough And I get always  
But I bet it won't change, no  
Damn, that's a boring life  
It's quite busy earnin'  
You can't get enough  
This busy earnin'  
You can't get enough You think that all your time is used  
To busy earnin'  
You can't get enough Just busy earnin' You can't get enough You think that all your time is used  
To busy earnin'  
You can't get enough You think that all your time is used  
To busy earnin'  
You can't get enough  
Just busy earnin'  
You can't get enough, no  
Just busy earnin'  
You can't get enough
