

# Double Tap (feat. 2 Chainz)

## Jordin Sparks

He don't fit in and I'm over  
Better look better than your last one  
Babe, I know we don't care  
Ain't so famous over night, yeah Don't be scared to admit it  
Seen your look from the start, ooh  
On my Instagram he been lookin'  
Secret looks on the phone, I know Baby, on the low, you stay on the page 'cause  
I guess I'm your favorite  
But you won't let it show, no way  
If you like what you see then,  
You gotta let me know  
That you won't double tap that hoe  
That you won't double tap that hoe  
Go and let me know about you  
Hashtag, something to show you're gangsta  
Oh no, don't, he no square  
Just say it, just say it if you want me Baby, on the low, you stay on the page 'cause  
I guess I'm your favorite  
But you won't let it show, no way  
If you like what you see then,  
You gotta let me know  
That you won't double tap that hoe  
That you won't double tap that hoe  
Must be a sucka, cause I been lookin'  
Your ass gettin' fine with ya big cookie  
Niggas know I woulda been takin'  
School of hard knots, they was were plain lickin'  
I really did it cause I say I did it  
It's a turn on if a girl say she in the pot  
It's a turn on if a girl say she independent  
If I ask her, can a home girl come to dinner  
Keepin' the picture, is you a singer or a stripper?  
Tryina get with you, you other nigga inefficient  
Well, is it an issue, well, I don't think it was an issue  
'Cause when I get with ya I double tap more than a pistol Baby, on the low, you stay on the page  
'cause  
I guess I'm your favorite  
But you won't let it show, no way  
If you like what you see then,  
You gotta let me know  
That you won't double tap that hoe  
That you won't double tap that hoe Double tap, double tap

C'mon watch me double tap!
