

# Silhouette

## Birdy

There are shadows in my dreams  
Storms that send me out to reach  
And you just wait on my defeat So I built an army underneath  
And now they got me while I sleep  
And this worn-out frame will carry me Don't go holding your breath  
You know that I'm not done yet  
There's still a fight in me left  
Don't go shouting out loud  
That you're claiming the crown  
I'm done but not out And the bittersweet of every new defeat  
Is I'm stronger than before  
Baby, on my knees, but I still believe  
These broken wings will soar  
Undone, my silhouette, it's all that is left of a broken heart  
Leave all of my regrets to sink like shipwrecks  
Through oceans dark In the dust I wrote my name  
And from the ruins, hopes were praised  
'Cause all that's messed can be replaced in time Don't go holding your breath  
You know that I'm not done yet  
There's still a fight in me left  
Don't go shouting out loud  
That you're claiming the crown  
I'm done but not out And the bittersweet of every new defeat  
Is I'm stronger than before  
Baby, on my knees, but I still believe  
These broken wings will soar  
Undone, my silhouette, it's all that is left of a broken heart  
Leave all of my regrets to sink like shipwrecks  
Through oceans dark Undone, my silhouette, it's all that is left of a broken heart  
Leave all of my regrets to sink like shipwrecks  
Through oceans dark
