

# My Worst Nightmare

## Forever the Sickest Kids

I shoulda known better not to wait around  
Why did I come home, cause I hate it here  
I shoulda known better not to wait around  
I'm getting rid of my phone, and I made it clear  
I shoulda known better not to wait around Never did, never did I ever love anyone other than you  
But secretly I always want to see you cry  
So I push you until you do Check it out  
I shoulda never came, I shoulda never  
Shoulda never came but you insisted for (you insisted for) me to (me to)  
Crossed the line, didn't mean to  
Take it back if I thought it'd make it work  
Never did but I meant to, I, I, I give up...  
I never did what you said that I did when I was gone for so long  
(You did what you said that I did when I was gone)  
I never said what you did was either right or wrong  
It's wrong, you dreamt of him If it's just me, adjust me baby  
Find the words that define these feelings  
Roll your eyes when you look at me  
Hard to talk when you're staring at the ceiling  
Push through, push through baby  
Everything we've been through lately  
I'll be there when close your eyes  
Hold you tight, say goodnight I never did what you said that I did when I was gone for so long  
(You did what you said that I did when I was gone)  
I never said what you did was either right or wrong  
It's wrong, you dreamt of him  
I never did what you said that I did when I was gone for so long  
(You did what you said that I did when I was gone)  
I never said what you did was either right or wrong  
It's wrong, you dreamt of him I, I needed, I, I, I needed someone to talk to  
And you, you needed you, you, you needed me to hold you  
I, I needed, I, I, I needed someone to talk to  
And you, you needed you, you, you needed me to hold you I never did what you said that I did  
when I was gone for so long  
(You did what you said that I did when I was gone)  
I never said what you did was either right or wrong  
It's wrong, you dreamt of him I never did what you said that I did when I was gone for so long  
(You did what you said that I did when I was gone)  
I never said what you did was either right or wrong  
It's wrong, you dreamt of him
