

# Exhale

Sabrina Carpenter

Who put the baby in charge  
It's already hard to buy all the parts and learn to use them  
Who put the world on my back and not in my hands  
Just give me a chance Listen to my mama  
Listen to my dad  
Listen to my sisters  
Everyone relax  
Everybody answers shit I didn't ask  
Think I'm reaching my limit  
Can I exhale for a minute?  
Can I get this out in the open?  
Can I sit down for a second?  
Can I breathe?  
Can I exhale for a minute?  
Can we talk it out?  
I don't get it  
Can I calm down for a moment?  
Can I breathe for just one second? I put too much weight on words and glances  
I, I put too much weight on situations  
I, I put too much on myself thinking I don't deserve what I've earned  
But, yeah Listen to the labels  
Listen to the man  
Try to keep a sense of knowing who I am  
I try to be an angel but I don't think I can  
Think I'm reaching my limits, yeah  
Can I exhale for a minute?  
Can I get this out in the open?  
Can I sit down for a second?  
Can I breathe?  
Can I exhale for a minute?  
Can we talk it out?  
I don't get it  
Can I calm down for a moment?  
Can I breathe for just one second, baby? Can I breathe?  
Can I breathe?  
Can I breathe?  
Can I breathe?  
Can I breathe?  
Can I breathe? Na, na, na, na, na, na, na, na  
Na, na, na, na, na, na, na, na  
Na, na, na, na, na, na, na, na
