## Bloodhound Gang

Uhn tiss uhn tiss uhn tiss BabyDog will hunt, I'm the front end loader  
Travoltin' over  
So try my slam on for size  
Drive stick, with that kung fu grip  
Let the banana split  
And watch it go right to your thighs  
Cop a feel  
Copperfield style  
Abracadabra that bra do ya think I can pull it off  
Wanna bang around  
Just jot me down on your to-do list  
Under "Put Out Like A Fire" 'cause  
I got somethin' and it goes thumpin' like this  
All you need is my uhn tiss uhn tiss uhn tiss  
I got somethin' and it goes thumpin' like this  
All you need is my uhn tiss uhn tiss uhn tissUhn tiss uhn tiss uhn tiss BabyEdible strange  
How do I get  
In your pants when  
You're tick tockin' them  
Serious Levis  
So tight can't be classified  
That's why I'm here to fill that opening  
Make a seasoned pass  
To mount that ass  
And Bob Hope that I might one night stand a chance  
Let's go Feng Shui fuck  
Around my digs like a Superball  
Bring that sunny side up and  
I got somethin' and it goes thumpin' like this  
All you need is my uhn tiss uhn tiss uhn tiss  
I got somethin' and it goes thumpin' like this  
All you need is my uhn tiss uhn tiss uhn tissUhn tiss uhn tiss uhn tiss BabyUhn tiss uhn tiss uhn
