

Bulletproof (feat. XYLØ)

The Score

I wish, I wish that I was bulletproof, bulletproof
I wish, I wish that I was bulletproof, bulletproof
Bullet bulletproof, bullet bullet bulletproof Bullet bulletproof, bullet bullet bulletproof I'm
trippin on my words and my patience
Writing every verse in a cadence
To tell you how I feel, how I feel, how I feel
This is how I deal, how I deal, how I deal With who I once was now an acquaintance
Think my confidence is in the basement
Tryna keep it real, keep it real, keep it real
Cuz I'm not made of steel, made of steel Yeah I'm fighting a battle within
And I don't know where to begin (oh oh)
A monster inside of my skin
And I don't know where to begin (oh oh)
I wish, I wish that I was bulletproof, bulletproof
I wish that I could wear a mask and face the truth
I wish that I was
Bullet bulletproof, bullet bullet bulletproof
Bullet bulletproof, bullet bullet bulletproof I wish that I was bulletproof, bulletproof
Watch all my doubts, they ricochet, nothing to lose
I wish that I was
Bullet bulletproof, bullet bullet bulletproof
Bullet bulletproof, bullet bullet bulletproof I don't have super strength, can't run through fire
Some days I feel afraid of all the feelings in my mind, I'm
Tryna keep it real, keep it real, keep it real
Cuz I'm not made of steel, made of steel, made of steel Now I'm fighting a battle within
And I don't know where to begin (oh oh)
A monster inside of my skin
And I don't know where to begin (oh oh)
I wish, I wish that I was bulletproof, bulletproof
I wish that I could wear a mask and face the truth
I wish that I was
Bullet bulletproof, bullet bullet bulletproof
Bullet bulletproof, bullet bullet bulletproof I wish that I was bulletproof, bulletproof
Watch all my doubts, they ricochet, nothing to lose
I wish that I was
Bullet bulletproof, bullet bullet bulletproof
Bullet bulletproof, bullet bullet bulletproof A monster inside of my skin
And I don't know where to begin (oh oh)
There's a monster inside of my skin
And I don't know who's gonna win (oh oh) I wish, I wish that I was bulletproof, bulletproof
I wish that I could wear a mask and face the truth
I wish that I was

Bullet bulletproof, bullet bullet bulletproof
Bullet bulletproof, bullet bullet bulletproof I wish that I was bulletproof, bulletproof
Watch all my doubts, they ricochet, nothing to lose
I wish that I was
Bullet bulletproof, bullet bullet bulletproof
Bullet bulletproof, bullet bullet bulletproof I wish, I wish that I was
Bullet bulletproof, bullet bullet bulletproof
Bullet bulletproof, bullet bullet bulletproof
I wish, I wish that I was
Bullet bulletproof, bullet bullet bulletproof
Bullet bulletproof, bullet bullet bulletproof
I wish, I wish that I was
