

Don't Save Us from the Flames

M83

Tina, Tina, Tina, Tina
Out of the flames
A piece of brain in my hair
The wheels are melting
A ghost is screaming your name
Tina, Tina
Bleeding all around
Liquid metal through my veins
The rays break
A ghost is screaming your name
Tina, Tina, Tina, Tina
Bleeding all around
Tina
Bleeding all around, yeah
Tina
Bleeding all around
Tina
Tina
Bleeding all around
Tina
Bleeding all around, yeah
Tina
Bleeding all around
Tina
