

Cry Baby

Melanie Martinez

You seem to replace
Your brain with your heart
You take things so hard
And then you fall apart You try to explain
But before you can start
Those cry baby tears
Come out of the dark Someone's turning the handle
To the faucet in your eyes
They're pouring out
Where everyone can see Your heart's too big for your body
That's why it won't fit inside
They're pouring out
Where everyone can see
They call you cry baby, cry baby
But you don't fucking care
Cry baby, cry baby
So you laugh through your tears Cry baby, cry baby
'Cause you don't fucking care
Tears fall to the ground
You just let them drown (You just let them drown)
(Cry baby, cry baby) You're all on your own
And you lost all your friends
You told yourself that
It's not you, it's them You're one of a kind
And no one understands
But those cry baby tears
Keep coming back again
Someone's turning the handle
To the faucet in your eyes
They're pouring out
Where everyone can see Your heart's too big for your body
That's why it won't fit inside
They're pouring out
Where everyone can see They call you cry baby, cry baby
But you don't fucking care
Cry baby, cry baby
So you laugh through your tears Cry baby, cry baby
'Cause you don't fucking care
Tears fall to the ground
You just let them drown (Cry baby, cry baby)
(You just let them drown)
(Cry baby, cry baby)

(You just let them drown)I look at you and I see myself
And I know you better than anyone else
I have the same faucet in my eyes
So your tears are mineThey call me cry baby, cry baby
But I don't fucking care
Cry baby, cry baby
I laugh through my tearsCry baby, cry baby
'Cause I don't fucking care
Tears fall to the ground
I just let them drown(Cry baby, cry baby)
(I just let them drown)
(Cry baby, cry baby)
(We'll just let them drown)(They call you cry baby, cry baby)
(I just let them drown)
(Cry baby, cry baby)
(We'll just let them drown)
