

I Can't Keep Up (feat. Will Heard)

Tourist

I'm trying hard
And reaching out for a rainbow
I made a start
But didn't had any love shown
I'm trying hard
I work my skin to the bone
It's just a start
Won't let the pain never show Although I can't keep up
I can't keep up Will someone ever show me love?
Won't somebody give a fuck?
Because I can't keep up
I can't keep up Will someone ever show me love?
Won't somebody give a fuck? Because I can't keep up I'm trying hard
To work a way through the system
I made a start
But found that no one was listening!
I'm driving on 'til the break of dawn
I refuse to fall
I'm driving on 'til the break of dawn
I refuse to fall
Cause I can't keep up
I can't keep up Will someone ever show me love?
Won't somebody give a fuck?
Because I can't keep up
I can't keep up Will someone ever show me love?
Won't somebody give a fuck?
Someone ever showed me love Show me love Can you show me love?
Because I can't keep up
I can't keep up Will someone ever show me love?
Won't somebody give a fuck?
Because I can't keep up.
