

Keep It Trill

Kirko Bangz

I just wanna, I just wanna, I just wanna
I just wanna, I just wanna
Lay it down, lay it down I'm doing thangs I never did before (did before)
Slippin on my pimpin (pimpin, pimpin)
You hearing thangs you never heard before (heard before)
But I say girl you trippin
You know I'm out here with all of my niggas baby
We ain't doing no tripping baby (trippin baby)
So why you tryina play me?
Cause if you read between the lines
Your past is bad as mine
So baby let's keep it trill, trill
Now girl I know you got me (got me)
You know I got you too (got you too)
Them other women they be bopping you (bopping you)
But girl I'm feeling you, baby
I know you doubt me
Hatin' ass nigga talkin' bout me
Everywhere you go, there's another hoe
Like how she know she about me
I know you doubt me
But just to keep it trill
I heard about you things
So baby girl let's keep it real
Oh, and these 2 women looking real fine
And I can have them to myself
But now this girl blowing up my line
But shit, she talkin to herself
She say, you can run the streets with your thugs
I'll be waiting for you, (you)
Until you get through (get through)
but don't say it if you ain't bout it babe Now girl I know you got me (got me)
You know I got you too (got you too)
Them other women they be bopping you (bopping you)
But girl I'm feeling you, baby
I know you doubt me
Hatin' ass nigga talkin' bout me
Everywhere you go, there's another hoe
Like how she know she about me
I know you doubt me
But just to keep it trill
I heard about you things

So baby girl let's keep it real I just wanna, I just wanna
Lay it down, lay it down baby
I just wanna, I just wanna
Lay it down, lay it down baby They don't know
Don't listen to, what the people say
They don't know about, bout you and me
Get it out your mind, cause it's jealousy
They don't know. Now girl I know you got me (got me)
You know I got you too (got you too)
Them other women they be bopping you (bopping you)
But girl I'm feeling you, baby
I know you doubt me
Hatin' ass nigga talkin' bout me
Everywhere you go, there's another hoe
Like how she know she about me
I know you doubt me
But just to keep it trill
I heard about you things
So baby girl let's keep it real
