

# Mixed Up, Shook Up Girl

Boz Scaggs

Candle lit, and my eyes are slits  
Jumpin' now, paper clip  
Make a move, sail a ship  
Tap it in, tap it in, ruby lips  
She's a mixed up, shook up girl  
Got me so strung out  
I don't know what to do  
She's a mixed up, mixed up, shook up girl  
Take a breath, in the night  
Hurry over, she said  
But there was no one in sight  
Now break away, is in her eyes  
You know that little girl, she cut me deep  
Inside out  
She's a mixed up, shook up girl  
Got me so strung out  
I don't know what to do  
She's a mixed up, mixed up, shook up girl  
Hey, you, I remember  
All the empty streets  
Fill me now  
And though you're gone away  
I know not forever  
Why don't you just come over here and tell me, baby  
Is it over now?  
She's a mixed up, shook up girl  
Got me so strung out  
I don't know what to do  
She's a mixed up, mixed up, shook up girl  
She's a mixed up, shook up girl  
She's a mixed up, shook up girl  
And she got me so strung out...  
She's a mixed up, shook up girl...  
And she got me so strung out ...  
She's a mixed up, shook up girl ...
