

Murder of Crows

Lindi Ortega

Everybody knows what's going down
When a murder of crows start hanging around

Oh no

I gotta keep it on the down low
Cause he's buried in the back near the tracks
By a field of corn rows
When the dirty old dog starts sniffing around
Uncover my crime there underground

Oh no

I gotta keep it where the sun don't go
Cause he's buried in the back near the tracks
By a field of corn rows
Oh God I've done it now
Please help this sinner out

Oh no

Have mercy on my soul
Cause he's buried in the back near the tracks
By a field of corn rows
Everybody's askin all over town
If he ran away or if he drowned

Oh no

He wasn't taken by the one that talked
Cause he's buried in the back near the tracks
By a field of corn rows
Oh God I've done it now
Please help this sinner out

Oh no

Have mercy on my soul
Cause he's buried in the back near the tracks
By a field of corn rows
They ain't gonna find me out
They ain't gonna bring me down

They ain't gonna find me out

Ain't gonna bring me down

Ain't gonna bring me down

Ain't gonna bring me down

(Oh God I've done it now)

(Oh God I've done it now)

Oh God I've done it now

Please help this sinner out

Oh no

Have mercy on my soul

Cause he's buried in the back near the tracks
By the field of corn rows
Yeah, he's buried in the back near the tracks
By the field of corn rows
Oh he's buried in the back near the tracks
By a field of corn rows
