

It's the Things You Do

Five

(It's the things you do) You touched my love line

So deep inside I

Never thought I'd feel so good

Oh no

No need to hide now

Open up your mind now

Let me make it understood

Because Bridge:

Cos nobody ever said to me

All of the things we shared within

Now that I know that you can see

Let me feel you up

Chorus:

It's the things you do

That have made me fall

So in love with you

You can have it all

What else can I do

Nothin' left to prove

It's the things you do (It's the things you do)

You make my neck twist like the cap for my coca cola bottle

with yo body lookin slicker than the finest bottle

tell me baby can you shimme can you make me feel hot what you

got gets me in da right spot

One of the finest

Things on my mind is

How you make me feel like gold you're queen Midas

Straight A plus the material I bust

But the things that you do

Keep me up and it's a must

Bridge It's the things you do

That have made me fall

So in love with you

You can have it all

What else can I do (what else can I do)

Nothin' left to prove (baby nothing left to prove)

It's the things you do

That have made me fall

So in love with you

You can have it all

What else can I do

Nothin' left to prove (It's the things you do) Give me a chance and let me in

There's no need to hide what's there within
Now that I know that you can see
Let me feel you up
You got that Midas touch
I love you more than enough
For all the things that you do
It's the things you do So in love with you
You can have it all
What else can I do
Nothin' left to prove
It's the things you do
