

# Freedom Fighters

## The Music

I don't know  
Why these people can't get it on  
What you didn't know?  
That it's just people having fun, yeah I thought that there was something going wrong with me  
I thought that everyone in this life should be free  
But now I'm realizing something here is wrong  
Would you come and let me sing to people?  
Come and help me sing this song Dance for the freedom fighters of the world  
Feel the walls she's real, real love  
They don't love you  
They'll love you on your way  
And I don't love you baby  
It's okay, yeah  
In this rain  
It makes it harder than it needs to be  
What you didn't know?  
That is it always gonna stay this way, yeah I thought that there was something going wrong with  
me  
I thought that everyone in this life should be free  
But now I'm realizing something here is wrong  
Would you come and let me sing to people?  
Come and help me sing this song Dance for the freedom fighters of the world  
Feel the walls she's real, real love  
They don't love you  
They'll love you on your way  
And I don't love you baby  
It's okay Yeah yeah yeah yeah  
Dance for the freedom fighters of the world  
Feel the walls she's real, real love  
They don't love you  
They'll love you on your way  
I don't love you baby  
It's okay You know just another song, yeah  
Nah nah nah no
