

# Let's Call It Off

Peter Bjorn and John

When you decided to knock on my door  
Did you remember what happened before?  
It just didn't sparkle, it just didn't grow  
Somethings are better inside of the store Did you agree we should let it be?  
And did you agree, it's a must Let's call the whole thing off  
We just have had enough of us  
Let's call the whole thing off  
We just have had enough of us  
I know many people who met the same way  
Relations that lasted for more then one day  
But I don't wanna know why we couldn't do more  
Somethings are better to leave unexplored Did you agree we should let it be?  
And did you agree, it's a must Let's call the whole thing off  
We just have had enough of us  
Let's call the whole thing off  
We just have had enough of us  
Let's call the whole thing off  
We just have had enough of us  
Let's call the whole thing off  
We just have had enough of us
