

# Beep Beep

## Shift K3Y

Baby  
Lately  
You've been driving me crazy  
Daily  
Baby  
I think I'm about to crash  
Maybe it's wrong that I want you  
Because you make me fall down to my knees  
You took my heart and left me with no where to run  
So now I'm paralyzed  
But my heart is going:  
beep beep  
you've got me so  
deep deep  
I know I've got to  
leave leave  
You make it hard for me to  
breath breath  
you've got me so  
deep deep  
I know I've got to  
leave leave  
But my heart is going  
beep beep  
you've got me so  
deep deep  
I know i gotta  
leave leave  
baby  
i've been waiting for this moment to end  
lately  
it's so crazy how you've been making me feel  
i don't know if i can come back down to earth  
i'm still wishing...
