

# Out Like That

Luke Bryan

You got me all caught up  
The way you look tonight  
We could head downtown or I can turn around up here on the right. Aw just look at this sky  
The rain ain't far from fallin' down  
And I wanna get to know you better than I know this little town.  
Yes I do. I wanna feel your heart go tick tock  
While the rain from your hair drip drops  
Park down in the middle of nowhere  
There's a place I can get up against your lips  
That's where I gotta be with you looking like this  
Let's get lost somewhere, anywhere we ain't gotta hold back  
If we're gonna go out baby, let's go out like that.  
And I'll grab your door  
You can take my hand  
Hop up on my shoulders and I'll walk us over where we can dance. And I'll leave the headlights  
on  
So I can see your face  
Spin you around in the mud, soak it all up baby whatcha say, whatcha say. I wanna feel your  
heart go tick tock  
While the rain from you hair drip drops  
Girl I'm talkin' country kinda crazy, yeah  
Out where I can get up against your lips  
That's where I gotta be with you looking like this  
Let's get lost somewhere, anywhere we ain't gotta hold back  
If we're gonna go out baby, let's go out like that.  
I wanna feel your heart go tick tock  
While the rain from your hair drip drops  
Getting country kind of crazy in the middle of nowhere  
Out where I can get up against your lips  
That's where I gotta be with you looking like this  
Let's get lost somewhere, anywhere we ain't gotta hold back  
If we're gonna go out baby, let's go out baby. If we're gonna go out baby, let's go out like that!  
Yeah girl that's where it's at.  
Let's go out like that
