Out Like That

Luke Bryan

You got me all caught up The way you look tonight

We could head downtown or I can turn around up here on the right. Aw just look at this sky

The rain ain't far from fallin' down

And I wanna get to know you better than I know this little town.

Yes I do.I wanna feel your heart go tick tock

While the rain from your hair drip drops

Park down in the middle of nowhere

There's a place I can get up against your lips

That's where I gotta be with you looking like this

Let's get lost somewhere, anywhere we ain't gotta hold back

If we're gonna go out baby, let's go out like that.

And I'll grab your door

You can take my hand

Hop up on my shoulders and I'll walk us over where we can dance. And I'll leave the headlights

on

So I can see your face

Spin you around in the mud, soak it all up baby whatcha say, whatcha say. I wanna feel your heart go tick tock

While the rain from you hair drip drops

Girl I'm talkin' country kinda crazy, yeah

Out where I can get up against your lips

That's where I gotta be with you looking like this

Let's get lost somewhere, anywhere we ain't gotta hold back

If we're gonna go out baby, let's go out like that.

I wanna feel your heart go tick tock

While the rain from your hair drip drops

Getting country kind of crazy in the middle of nowhere

Out where I can get up against your lips

That's where I gotta be with you looking like this

Let's get lost somewhere, anywhere we ain't gotta hold back

If we're gonna go out baby, let's go out baby. If we're gonna go out baby, let's go out like that! Yeah girl that's where it's at.

ean giri mats where its

Let's go out like that
