

Rock Me Gently

SuperHeavy

In life what you treasure
Joy and the pleasure
It depends on how you measure
Everybody want to live it up, yeah
Oh yeah In life what you treasure
Joy and pleasure
Its the simpleness of things
It depends on what you measure, okay
Oh yeah You choose what you pray for
Some like it hot
And some love the cold weather
Don't take the pressure on man
Oh no
Long life, upward mobile markets, and
Happiness and everybody wants it, and
More love less stress and panic
Enjoy yourself, take full advantage When the noise dies ever
I will be dancing
Music lives forever
And it never says never
No way, no way It goes on and on and on
On and on and on It goes on and on and on
On and on and on And the love of the light that's in no lie
He was strolling through life without a light
And he trips on his soul mate, he took the bite
Now he rocks me gently, now he rocks me gently
When the good get better
Sure is fun when we're building together
Nobody wants to be alone yeah
Oh no Jah rising sun
Make it play for the dawn
And the night is done
Everybody wants to make it home Long life, upward mobile markets, and
Happiness and everybody wants it, and
More love less stress and panic
Enjoy yourself, take full advantage When the good get better
It sure is fun when we're building together
And nobody wants to be alone
Oh yeah Whenever our eyes meet
There's a question why (there's more)
We don't have to try babe
(Hello) our eying And the love of the light that's in no lie

He was strolling through life without a lie
He triped on his soul mate, he took the bite
Now he rocks me gently, now he rocks me gently
It goes on and on and on 'Cause in life what
you treasure
Joy and pleasure
It depends on what you measure
Everybody want to live it up, yeah
Okay
When the noise dies ever
I will be dancing
Music lives forever
And it never says never
No way, no
Love was in moonlight
He was strolling through night without the light
He triped on his soul mate, he took the bite
Now you rock me gently, now you rock me gently
Love was in moonlight
He was strolling through night without the light
He triped on his soul mate, he took the bite
Now he rocks me gently, now he rocks me gently
It goes on and on and on (Oh yeah)
On and on and on (He rocks me gently)
It goes on and on and on
On and on and on
It goes on and on and on
On and on and on
It goes on and on and on
On and on and on
Don't stop ...?
Keep it goin' on
On and on and on
Will you ...? until my light
You don't have to fight
No more
