I Wonder

Chris Isaak

When I was younger I belived, that dreams came true Now I wonder

Cause I have seen much more of dark skies, than blue Now I wonderI keep on praying for a blue sky

I keep on searching through the rain
I keep on thinking of the good times

Will they ever come again?

Now I wonder

Now I wonder

I keep on praying for a blue sky

I keep on searching through the rain

I keep on thinking of the good times

Will they ever come again?

Now I wonder

Now I wonderWhen I was younger I believed, that I could win

Now I wonder

there was a time when you and I, walked hand in hand

Now I wonder

I keep on searching for the old me

I keep on thinking I can change

I keep on hoping for a new day

Will I ever feel the same?

Now I wonder

Oh I wonder

Now I wonder
