

Cheated On Me

Gavin DeGraw

I'm love sick somewhere tonight
I'm love sick somewhere tonight I don't need writing on the wall
I felt it for so long
Am I even on your mind?
Or are you now in?(Chorus)
Someone else's eyes
Someone else's arms
Someone else's obvious moves
I'm a jealous guy
I hear people talk
And isn't hard to believe
I think you cheated on me
I've been this love sick before
I've felt just like this before There was another just like you
I loved her for so long
But I had poison on my mind
And I drove her into(Chorus)
Someone else's eyes
Someone else's arms
Someone else's obvious moves
I'm a jealous guy
I hear people talk
And isn't hard to believe
I think she cheated on me I've said I've had this stage before
But I let an open door
For this to walk into my life
And maybe I'm suspect too much
But this is hard for me to trust
When I'm all wound up inside
I just drive you often into(Chorus)
Someone else's eyes
Someone else's arms
Someone else's obvious moves
I'm a jealous guy
I hear people talk
And isn't hard to believe
I was never easy to please
You cheated on me
I think you cheated on me
