Vice (feat. Juicy J & Wiz Khalifa)

Chevy Woods

TGOD Miami Vice Uh

Top off speeding, they say I'm the bad guyBitch ass nigga ain't nobody feeling that You got a whole lot of mouth, I can kill you with a rap

That 16 in the magazine, one chain brin

Can knock as many down as I wanna, Wilt Chamberlain

Yeah, that's bucket seats like a Nascar

View from the beach condo that's the plan

All, yall niggas suffering hard

I'm rolling up, wine glass, sipping off with a laugh (haha)

Yeah, that's a couple of counts

I don't watch it, I know, I really see the amount

I'm out in Memphis with Juice, we into balling for real

You niggas talk like you scoring, never out on the field

Never fakers for real, my name good in the spot

Now it's Presidential Suites but still keeping it cot

No need for the bar, we could send you some shots

I know they mad cus they can't afford what's out in that lot, Oh

And when it comes to this paper, we getting all it

That means you fucking with gangsters

Soon as we walk in the door we get the party started

That means you fucking with gangstersTrippy niggas, Nigga we don't give a fuckHopped up

out a brand new Panamera flexing

Mob niggas coming through

Bitch clear the section

Doobie to my lips

Straps I come equipped

Living a trippy life, everyday I'm in the strip

We be throwing hundreds

You be throwing ones

We marinate our lean with our blunts

Call my young nigga, what the count read?

Call my young nigga, bring him back to me!

Call my young nigga, he got what you need!

I got high as that bitch Fergie from the Black Eyed Peas

Make that bitch bite down

Have her dancing on her knees

I treat her like a prostitute, she bringing me a fee (Cash)

Real money get niggas who I hang with

Jackson, Grant, Franklin, people who I came with

I'm still balling, Juicy J will never quit

Broke ass nigga I don't speak your language And when it comes to this paper, we getting all it That means you fucking with gangsters

Soon as we walk in the door we get the party started

That means you fucking with gangstersFly gangsta shit nigga, yeahThey ain't wanna sell me shit, now I don't need to buy

Three piece suit clean and I don't even try

Bags to my bitch nigga cus she likes shit

And cash with my niggas

Half of them indicted

That's game recognize game and my niggas know

House shoes on

Rich Gang stitched in my robe

Fly nigga, just a belt that you tryna price

We getting to it everyday

Same thing tonight

G shit from the block, you already know

The homie told me we gone get it, had to let it go

Uh, yeah, been where the weed at

You know I wasn't tripping man, I just couldn't see that

Now I'm trippy, getting faded, where my drink at?

Beginning at the pack for the cash, you know I lead that

Shit your language, I don't ever speak that

But my homies on the left side, yeah they see that And when it comes to this paper, we getting all it

That means you fucking with gangsters
Soon as we walk in the door we get the party started
That means you fucking with gangsters
