

Right One Time

Rascal Flatts

Love's tough, let's get real,
What else can make you feel that bad?
If love was, it was a plain, and went down,
In a ball of flames and crashed,
You wouldn't do that again.
Love is a hopeless dream, it's kind of crazy.
I'd love to keep you thinkin next time maybe,
Maybe, just maybe,
This time I might get it right,
And you only gotta get it right one time.
One time.

Now love rocks, rocks your world.
And it's good, it's so good, girl I swear.
So come on, let's do this thing,
I'm in. Baby don't be scared.
Yeah, let's go there.

Love is a hopeless dream, it's kind of crazy.
I'd love to keep you thinkin next time maybe,
Maybe, just maybe,
This time I might get it right,
And you only gotta get it right one time.
Maybe I'm crazy falling for you,
Maybe, just maybe,
Maybe it's true.

Love is a hopeless dream, it's kind of crazy.
I'd love to keep you thinkin next time maybe,
Maybe, just maybe,
Love is a hopeless dream, it's kind of crazy.
I'd love to keep you thinkin next time maybe,
Maybe, just maybe,
It's a hopeless dream, it's kind of crazy,
Keep you thinkin next time maybe,
This time I might get it right,
And you only gotta get it right one time.
