

# Desiree

## Miles Jaye

Wait a minute now, baby, slow down  
You wanna tell me what's goin' on here  
You've been comin' on real strong lately, yeah, yeah, real strong  
I think maybe we better talk about this  
Yeah, we better talk about this, uh huh I'm ready to tell you what I have to say  
I guess I finally figured out why you came here to see me today  
I should have known the way you flash your pretty smile at me, yeah  
You're fallin' in love and you want to fulfill your love and fantasy  
Desiree, girl you got to go  
away  
Don't you know you're too young to stay?  
Much too young to stay with me I know you're lookin' good, girl, you're a fine tender one  
But what you think is love, is not, you're just a little lonely  
It wouldn't be right for me to try to rock along with you, girl  
So, baby tonight don't fight, Desiree let me do what I've got to do  
Desiree, girl you got to go away  
Don't you know you're too young to stay?  
Much too young to stay with me Don't try to turn me on  
Don't do it, oh oh oh, don't do it  
Don't do that way, baby, don't do it  
Desiree, girl you got to go away  
Don't you know you're too young to stay?  
Much too young to stay with me  
Desiree, girl you got to go away  
You're much too young to play with me I wanna talk to you  
Desiree, Desiree you're tryin' to drive me crazy  
I have to send you on your way, girl  
Before I ask you to stay  
Desiree, girl you got to go away  
Don't you know you're too young to stay?  
Much too young to stay with me  
Desiree, girl you got to go away  
Don't you know you're too young to play?  
Much too young to play with me  
Desiree, Desiree  
You're lookin' mighty fine girl  
Don't do it, oh oh oh, don't do it, oh  
Desiree, girl you got to go away  
Don't you know you're too young to stay?  
Much too young to stay with me  
Desiree, girl you got to go away  
Don't you know you're too young to play?  
Much too young to play with me  
Desiree, girl you got to go away  
Don't you know you're too young to stay?  
Much too young to stay with me  
Desiree, girl you got to go away  
Don't you know you're too young to play?  
Much too young to play with me  
Desiree
