

Kid Fears

Indigo Girls

Pain from pearls, hey little girl
How much have you grown
Pain from pearls, hey little girl
Flower for the ones you've known Are you on fire from the years?
And what would you give for your kid fears? Secret staircase, running high
You had a hiding place
Secret staircase, running low
But they all know, now you're inside Are you on fire from the years?
And what would you give for your kid fears?
Kid fears
Skipping stones, we know the price now
And any sin will do
How much further, if you can spin
How much further, if you are smooth Are you on fire [(are you on fire)]
From the years [(from the years?)]
What would you give for your kid fears?
[(what would you give)]
[(what would replace the rent with the stars above)]
[(replace the rent with the stars above)]
[replace the need with love]
(replace the need with love)
[replace the anger with the tide]
(replace the anger with the tide)
[replace the ones, the ones, the ones, that you love]
(replace the ones, the ones, the ones, that you love)
ah the ones that you love
are you on fire
(replace the rent with the stars above)
[are you on fire]
from all the years
(replace the need with love)
[from the years]
what would you give
(replace the anger with the tide)
[what would you give]
for your kid fears
(for the ones that you love)
(the ones that you love)
hold on now
are you on fire
(replace the rent with the stars above)
[are you on fire]

from all the years
(replace the need with love)
[from the years]
and what would you give
(replace the anger with the tide)
for your kid fears
[what would you give]
(for the ones that you love)
what would you give
(the ones that you love)
for your kid fears?
[what would you give]
what would you give for your kid fears
your kid fears
hey kids
hold on
