

# Close to Me (feat. Gary Go)

Benny Benassi

I miss you  
I want you  
I need you  
To hold me  
I can't take  
The distance  
Come close  
No resistance  
I need you now, baby listen  
You're the puzzle piece that I'm missing  
I would do things that have never been done  
To get you close to me Why can't you see?  
Why can't you see  
That you should be close to me?  
You should be close to me  
I would do things that have never been done  
To get you close to me You make me  
So naked  
My heart pumps Anticipating  
I fall from  
The sky down  
If you don't come right now You should be close to me  
I would do things that have never been done  
To get you close to me I need you now, baby listen  
You're the puzzle piece that I'm missing  
I would do things that have never been done  
To get you close to me  
You should be close to me  
I would do things that have never been done  
To get you  
To get you
