

# You Make Me Wanna...

Usher

This is what you do  
This is what you do  
This is what you do You make me wanna leave the one I'm with  
Start a new relationship with you  
This is what you do  
Think about her and the things that come along with  
You make me  
You make me wanna leave the one I'm with  
Start a new relationship with you  
This is what you do  
Think about her and the things that come along with  
You make me  
You make me  
Before anything came between us  
You were like my bestfriend  
The one I used to run to when me and my  
Girl was having problems (thats right)  
You used to say it would be okay  
Suggest little nice things I should do  
And when I come home at night and lay my head down  
Sll I seem to think about is you  
And how you make me wanna You make me wanna leave the one I'm with  
Start a new relationship with you  
This is what you do  
Think about her and the things that come along with  
You make me  
You make me wanna leave the one I'm with  
Start a new relationship with you  
This is what you do  
Think about her and the things that come along with  
You make me  
You make me  
Now what's bad  
Is your'e the one that hooked us up  
Knowing it should've been you  
What's sad is I love her but I'm falling for you  
What should I do  
Should I  
Tell my baby bye-bye  
Should I  
Do exactly what I feel inside  
Cause I

I don't wanna go  
Don't need to stay  
But I really need to get it together You make me wanna leave the one I'm with (oh baby)  
Start a new relationship with you  
This is what you do  
Think about her and the things that come along with  
You make me  
You make me wanna leave the one I'm with (oh baby)  
Start a new relationship with you  
This is what you do  
Think about her and the things that come along with  
You make me  
You make me At this point  
The situation's out of control  
I never meant to hurt her but I  
Gotta let her go  
And if she may not understand it  
Why all of this is going on  
I tried  
I tried to fight it but the feelings just too strong You make me wanna wanna  
You make me wanna You make me wanna leave the one I'm with  
Start a new relationship with you  
This is what you do  
Think about her and the things that come along with  
You make me  
You make me wanna leave the one I'm with  
Start a new relationship with you  
This is what you do  
Think about her and the things that come along with  
You make me  
You make me
