

# Gimme That (feat. Maino)

## Lil' Kim

Gimme that good dick (give it to me) gimme that good dick (uh, uh)  
Gimme that good dick (give it to me) that fine-ass good dick (yea, yea)  
{Gimme that pussy} (give it to me) {gimme that pussy} (yeah, yeah)  
{Gimme that pussy} (give it to me) {that bomb-ass pussy} Yo, now every lil' slut with a butt  
wanna jump on me

I'll teach 'em how to hump when they fucks with me

I ain't done at one nut, bitch I dump all three

Slurp it all up when you suck on me cause see

I got the cleanest, meanest, penis

Ask Keisha, she the one who seen dick

Keish' told Pam, Pam can't keep a secret

So all the hoes know my dick game quite decent

Tie 'em up, hit 'em with wax from candles

Don't stop, I get it like Luther Campbell

I'm the damn dude, that will ram you

so damn hard it'll leave your ass blue

Meat slinger, my meat stings ya

Bitch thought I stuck her with a damn meat cleaver

Want me to freak ya? Wait for me to skeet ya

Dick comes around once again like Easter

Bitches flash me they thong and panties

Then they ask me to do the nasty

Wanna thrash me then don't walk past me

And when you pass me just holla at me and say

Now see don't no bitch do it better than Kim

And no bitch pussy stay fresher than Kim

Everybody's man wanna get with Kim

If you don't believe me bitch just ask him

Cause see, I got the tightest, rightest vagina

Even got my name on the menu at the diner

Guys extend G, with my goodies

I'm the only bitch in the world that got two pussies

Sex Queen Bee and no bitch could come after

Dudes stay hard, don't need Viagra

My beehive gags ya, when it grabs ya

Pussy get wetter than the whole Niagara

Boys get hooked first time they taste this

I lick dudes in all the right places

G's got cases, tempted to take this

Kitty cat so mean turn dudes into rapists

Niggaz flash me they jewels and cash and

then they ask me to do that nasty

Wanna thrash me then don't walk past me  
And when you pass me just holla at me and say  
Some like me to do 'em rough and show them  
(Some niggaz like me to run and stroke them)  
Some like objects down they throat and  
(I get 'em all strung out and open)  
Yes I wrecked 'em down to the rectum  
Dick like tetanus shots, I inject 'em  
(Pussy is power, listen man)  
(My chocha's tighter than a traffic jam) That's tight  
(Coochie like drugs, I'm a thousand grams)  
(Got fiends from New York to the islands) Damn  
Had a bitch that wanted me to cuff her to the bedpole  
Seen my dick, and thought it was the bedpole  
(One dude went crazy y'all)  
(Cause after he hit, he swore that my clit could talk)  
Some broads they can barely walk when I'm done with 'em  
Call the ambulance man to come get 'em  
(Niggaz flash me they jewels and cash and)  
(then they ask me to do that nasty)  
Wanna thrash me then don't walk past me  
And when you pass me just holla at me and say
