

When Darkness Falls (feat. Bridgette Amofah)

Netsky

When darkness falls
Wanna be the one who calls
Wanna hold you tight
Gonna treat you right, my love When the morning calls
With the brightness of the sun
Gonna be the one
You can call upon, my love Oh, you did it again
Hear me calling
Hear me calling out
Calling out your name
You did it again
Hear me calling
Hear me calling out
Calling out your name
(over and over) When the lights go out
Wanna be the one around
Wanna hold you up
When the rope gets stuck, my love You got me living on the edge
So I can think of no one else
I can see the one
You can call upon, my love
You did it again
Hear me calling
Hear me calling out
Calling out your name
(over and over)
[4x] Hear me calling out your name
Over and over again
