

I Want It All (feat. Elderbrook)

Casper Cole

I will wait
For you
I will find my way Through
But you pass in another lane
Oh, could you ever stay
True? I want it all
I want it all
But you want it now
Oh, but you want it now
But you want it now But you want it now
I will wait
For you
I will find my way
Through
But you pass in another lane
Oh, could you ever stay
True? I want it all
I want it all
But you want it now
Oh, but you want it now
I want it all
I want it all
But you want it now
Oh, but you want it now
But you want it now But you want it now
I want it all
I want it all
But you want it now
But you want it now
