

# Shadows

## Black Atlass

Through the pain, you noticed me  
You gave me something to believe  
Loving you is all I need  
But I can't have it all Broken, bruised, I'm lost  
Yeah, they've all torn me up  
But when the shadows calling I'll save you  
I'll save you  
I'll save you (oh, oh)  
I'll save you Baby, are you usin' me?  
Am I in your memories?  
Lovin' you is all I need  
But I can't have it all  
Broken, bruised, I'm lost  
Yeah, they've all torn me up  
But when the shadows calling I'll save you  
I'll save you  
I'll save you (oh, oh)  
I'll save you Yeah, sweep me down to my knees  
Why can't it be just you and me?  
Lovin' you is all I need  
But I can't have it all Broken, bruised, I'm lost  
Yeah, they've all torn me up  
But when the shadows calling  
I'll save you  
I'll save you  
I'll save you  
I'll save you  
Yeah, ay Lovin' you is all I need  
I'll save you
