Prison Guard

Hundred Waters

Oh great defender, listen to me This isn't where I'm supposed to be Prison guard, don't keep me I did no harm, I carry boulders Under my arms, ooh Prison guard, don't keep meI'm on my knees, I wasn't honest But I'm not guilty Prison guard, don't keep me It's only the half of it you see The other half, they're surrounding me Forever lost in your frozen seize Defile you, file you So won't you please go on unlock it Or throw me the keyPrison guard Prison guard Prison guard, release me Keep it to, keep it to yourself Keep it to, keep it to yourself
